DETAILED ACTION

Claims 1 and 5-10 are pending in the application.

Priority

Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d).

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 6 and 8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 6 is rejected as being indefinite because of the phrase "comprising". It is not clear whether the claim is directed to a compound or a composition.

Claims 8 and 9 are rejected as being indefinite because they claim a molecular compound and describe a composition.

Clarification and/or correction is requested.

Allowable Subject Matter

Claim 7 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

ALLOWED CLAIMS

Claims 1, 5 and 10 are allowable over the prior art of record.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: A sulfur-containing compound of the general formulas 1:

formula 1

wherein all the variables are as defined in the claims were neither found to be obvious nor anticipated by the prior art of record.

The prior art does not teach or suggest the presently claim sulfur-containing compounds, for example, figure 2.
